Re: *USEPA Request to Perform a Remedial Investigation/Feasibility Study
for the Riverside Industrial Park Superfund Site, Newark, New Jersey*
Our File No.: 03368.89502

Dear Mr. Reilly:

We serve as counsel for Haba International, Inc., Plagro Realty, Inc. and James Placa ("Haba"). Haba is in receipt of the referenced USEPA Request to Perform a Remedial Investigation/Feasibility Study for the Riverside Industrial Park Superfund Site, Newark, New Jersey, dated May 22, 2013. As we discussed last week, Haba is in the process of obtaining records and information regarding its property at the Riverside Industrial Park (limited to Lot 57 in Block 614 on the tax map of the City of Newark). At this time, however, Haba does not have information to respond and is unable to participate in the USEPA's proposed response actions at the site.

Please do not hesitate to call me if you have any questions with regard to the foregoing.

Very truly yours,

Thomas Spiesman
